

## **Educator's Vault Lesson**

**Artist: Malaika Favorite**

**Grade Level: Secondary**

### **Inspiration:**

Review the four short videos of Malaika explaining her process, her work and support for artists found in AMoA's Educators Vault. Select the one most informative to your class.

Observe her work, *Eve Contemplating Her Future* from the Educators Vault with your students.

### **Questions for Students:**

- How does the title inform the art work?
- What are some recognizable images within the art work?
- Any symbolism in the art work?
- Is the image Abstract or Realistic, how can you tell?
- What media did the artist use?
- This image relates to an origin story of several religions. What about other origin stories?
- Can students explain the origin story of Spiderman or Batman?

Allow students time to have group discussions on super hero origins.

### **Process:**

Students will then illustrate a portion of an origin story.

### **Note:**

I recommend the use of Crayola, Colors of the World: crayons, markers and colored pencils.
